1. From the Additional Chief Secretary/ Commissioner of Revenue Administration and State Relief Commissioner, Letter No.OC-I/01/840/2022, Dated 02.08.2023.
2. The Minutes of the State Executive Committee Meeting held on 08.09.2023.

ORDER:

In the letter first read above, the Additional Chief Secretary/ Commissioner of Revenue Administration and State Relief Commissioner has sent the proposal for implementing the two flood mitigation works in Kilmonavur village and Kamarajapuram village as follows:-

A. Construction of Flood Protection wall in Palar River right bank in kilmonavur village in Vellore taluk of Vellore District. (Estimate amount: Rs 2.75 Crore)

During the last North East Monsoon in November 2021, in Vellore District sudden realization of more than 1,00,000 cusecs of the flood water damaged right bank of Palar River in Kilmonavur village and erosion took place for a length more than 150m to a height of above 2.00m. It caused damages to the houses adjacent to the bank in Kilmonavur village.

Hence, in order to protect the bank from further damages to residents near the Palar bank and to safe guard the village, it has

(P.T.O.)

been proposed to construct a protection wall for a length of 370m at the most vulnerably eroded place near Kilmonavur village.

The estimate cost works out to Rs.2.75 Crore as per the current schedule of rates for the year 2022-23.

B. Construction of flood protection wall along the left bank of Palar river at Kamarajapuram Village in K.V.Kuppam taluk of Vellore district. (Estimate amount: Rs.4.25 Crore)

During the last North East Monsoon in November 2021, in Vellore district sudden realization of more than 1,00,000 cusecs of the flood water damaged the Left Bank of Palar River at Kothamanagalam Village (Kamarajapuram) was completely eroded and fully slided. Due to enormous flood, the bund for a length of about 190m to a depth of 6m was completely scoured. Due to this erosion and sliding of Palar River left side bank, more than 15 houses collapsed.

Hence, in order to protect the village from further erosion and sliding of houses, it has been proposed to construct flood protection wall for a length of 190m at the most vulnerable place near Kamarajapuram village.

The estimate cost works out to Rs.4.25 Crore as per the current schedule of rates for the year 2022-23.

By implementing the above two works, the Kilmonavur village and Kamarajapuram village will be protected from further flood damages.

There are no direct irrigation benefits due to this rehabilitation work. As the nature of the above two proposed works are intended to protect the eroded bank of the existing Palar River by constructing RCC retaining wall.

2. The Additional Chief Secretary/ Commissioner of Revenue Administration and State Relief Commissioner has therefore requested to Administrative and Financial sanction for the above two flood mitigation works under State Disaster Mitigation Fund (SDMF) allocation for the year 2022-2023 (2nd Instalment) and 2023-2024 as follows:-

- i) Construction of Flood Protection wall in Palar River right bank in kilmonavur village in Vellore taluk of Vellore District Estimate amount - Rs.2.75 Crore;

- ii) Construction of Flood protection wall along the left bank of Palar River at Kamarajapuram Village in K.V.Kuppam taluk of vellore District Estimate amount - Rs.4.25 Crore.

3. The State Executive Committee Meeting was conducted by the Chief Secretary to Government on 08.09.2023. In the minutes second read above, the above said proposal was discussed and approved in the meeting as detailed below: -

1. From the Additional Chief Secretary/ Commissioner of Revenue Administration and State Relief Commissioner, Letter No.OC-I/01/840/2022, Dated 02.08.2023.
2. The Minutes of the State Executive Committee Meeting held on 08.09.2023.

ORDER:

In the letter first read above, the Additional Chief Secretary/ Commissioner of Revenue Administration and State Relief Commissioner has sent the proposal for implementing the two flood mitigation works in Kilmonavur village and Kamarajapuram village as follows:-

A. Construction of Flood Protection wall in Palar River right bank in kilmonavur village in Vellore taluk of Vellore District. (Estimate amount: Rs 2.75 Crore)

During the last North East Monsoon in November 2021, in Vellore District sudden realization of more than 1,00,000 cusecs of the flood water damaged right bank of Palar River in Kilmonavur village and erosion took place for a length more than 150m to a height of above 2.00m. It caused damages to the houses adjacent to the bank in Kilmonavur village.

Hence, in order to protect the bank from further damages to residents near the Palar bank and to safe guard the village, it has

(P.T.O.)

been proposed to construct a protection wall for a length of 370m at the most vulnerably eroded place near Kilmonavur village.

The estimate cost works out to Rs.2.75 Crore as per the current schedule of rates for the year 2022-23.

B. Construction of flood protection wall along the left bank of Palar river at Kamarajapuram Village in K.V.Kuppam taluk of Vellore district. (Estimate amount: Rs.4.25 Crore)

During the last North East Monsoon in November 2021, in Vellore district sudden realization of more than 1,00,000 cusecs of the flood water damaged the Left Bank of Palar River at Kothamanagalam Village (Kamarajapuram) was completely eroded and fully slided. Due to enormous flood, the bund for a length of about 190m to a depth of 6m was completely scoured. Due to this erosion and sliding of Palar River left side bank, more than 15 houses collapsed.

Hence, in order to protect the village from further erosion and sliding of houses, it has been proposed to construct flood protection wall for a length of 190m at the most vulnerable place near Kamarajapuram village.

The estimate cost works out to Rs.4.25 Crore as per the current schedule of rates for the year 2022-23.

By implementing the above two works, the Kilmonavur village and Kamarajapuram village will be protected from further flood damages.

There are no direct irrigation benefits due to this rehabilitation work. As the nature of the above two proposed works are intended to protect the eroded bank of the existing Palar River by constructing RCC retaining wall.

2. The Additional Chief Secretary/ Commissioner of Revenue Administration and State Relief Commissioner has therefore requested to Administrative and Financial sanction for the above two flood mitigation works under State Disaster Mitigation Fund (SDMF) allocation for the year 2022-2023 (2nd Instalment) and 2023-2024 as follows:-

- i) Construction of Flood Protection wall in Palar River right bank in kilmonavur village in Vellore taluk of Vellore District Estimate amount - Rs.2.75 Crore;

- ii) Construction of Flood protection wall along the left bank of Palar River at Kamarajapuram Village in K.V.Kuppam taluk of vellore District Estimate amount - Rs.4.25 Crore.
