1. G.O.(Ms) No.380, Revenue and Disaster Management [D.M.III(2)] Department, Dated 27.10.2015.
2. From The Managing Director, Tamil Nadu Water Supply and Drainage Board Letter No. F.9819/Monsoon/AE-I/O&M/2020/dt:07.12.2020.
3. From the Additional Chief Secretary/ Commissioner of Revenue Administration and State Relief Commissioner Letter No. NC.I (2)/1875/2020, dated 30.12.2020.

ORDER:-

In the reference 3rd read above, the Additional Chief Secretary/Commissioner of Revenue Administration has submitted as follows:-

i). The IMD in its Bulletin No.1, dated 30.11.2020, issued a warning that the Depression over southeast Bay of Bengal, would intensify into a cyclonic storm and emerge into Comorin area on 3rd December, 2020 morning. Subsequently, IMD in its Bulletin No.25, dated 03.12.2020, stated that the Cyclonic Storm 'Burevi' over Gulf of Mannar close to Pamban weakened into a Deep Depression and would cross Ramanathapuram and Thoothukudi districts during 3rd December, 2020 night to 4th December, 2020 early hours with wind speed of 50-60 gusting to 70 kmph. On 4.12.2020, the IMD in its Bulletin 32, reported that the Deep Depression subsequently weakened into a Depression and is likely to remain practically stationary and thereafter weaken into a Well Marked Low Pressure area. Though the Cyclone 'Burevi' weakened, it remained

practically stationary which brought heavy rainfall to extremely heavy rainfall in most of the districts resulting in huge flow of water in the rivers causing inundation in low lying areas.

ii). The State experienced heavy rainfall to extremely heavy rainfall from 02.12.2020 to 05.12.2020 in many Rain gauge stations across the State. To be more specific, in Cuddalore, Tiruvarur and Nagapattinam Districts, heavy rainfall to extremely heavy rainfall has been recorded from 02.12.2020 to 05.12.2020. Moreover, on 03.12.2020 late night, there has been torrential rains leading to water stagnation in many pockets of the Chennai City and few coastal districts and interior districts have also experienced continuous showers.

iii). Due to the impact of Cyclone, 7 persons lost their lives. The Cyclonic storm accompanied by heavy rainfall damaged the huts, houses and buildings in the State. Many trees were completely uprooted and strewn across roads.

iv). The Hon'ble Chief Minister of Tamil Nadu, who is also the Chairman of the Tamil Nadu State Disaster Management Authority, spearheaded the rescue and immediate Response and deputed Hon'ble Ministers to their respective districts to oversee the relief / restoration measures. The Hon'ble Chief Minister visited Cuddalore and Nagapattinam Districts on 08.12.2020 and 09.12.2020 respectively which have been severely battered by the torrential rains and subsequent flooding. Besides, the Hon'ble Chief Minister also visited the areas affected due to heavy rains and inundation and subsequent damages to agricultural/ horticultural crops and disbursed relief assistance to the affected families and instructed the Senior Ministers and Higher Officials to expedite the relief and restoration works.

2. The Additional Chief Secretary/Commissioner of Revenue Administration has stated that the Managing Director, Tamil Nadu Water Supply and Drainage Board has informed that:-

- (1). Due to BUREVI Cyclone, certain Combined Water Supply Scheme maintained by TWAD Board in 7 districts are affected and action is being taken for temporary restoration of water supply to the public.
- (2). The preliminary report on details of the affected CWSS during BUREVI Cyclone were collected from the field officers in the prescribed format as detailed below.
